Strategic Plan 2025–2028

Tidepath Family Alliance · Approved by the Board of Directors, January 2025

Mission

Tidepath Family Alliance helps children and teens in Miami-Dade County and their families build safe, connected, and resilient lives through mentoring, family counseling, and safety and mental health workshops in schools.

Who we are

Founded in 2011 by a school social worker and a group of parents, Tidepath began as a weekend mentoring club and now runs programs in 14 public schools and two family centers.

Tidepath has 14 staff, including 6 licensed family therapists, and more than 160 trained volunteer mentors. Our annual budget is $1.6 million, and 83% of expenses go directly to programs.

Goals for 2028

- Bring Safe & Strong to 20 partner schools, up from 14, while keeping every series to six sessions.
- Grow the Anchor Mentors volunteer corps to 220 trained mentors.
- Keep the wait for a first family counseling session under four weeks.
- Launch Parent Connect caregiver circles at both family centers.

Sustainability and funding plan

No single funder will provide more than 20% of Tidepath's budget. By 2028 we aim for individual donors to provide 30% of revenue, foundations 40%, and public contracts 30%.

We will keep an operating reserve of at least three months of expenses, and we will only start a program a grant pays for when we have a plan to continue it after the grant ends, such as a school district contract, a renewable county agreement, or a named group of individual donors.

Programs started with grant funds are reviewed by the board in their second year to decide whether to continue, scale, or close them.

How we will measure progress

An external evaluator reviews every program each year. Each workshop series uses pre- and post-surveys, and partner schools share attendance data every quarter. The board reviews a dashboard of these measures at each quarterly meeting.
